

## Pathology Specialists of Arizona (PSA).....

- ◆ Pathology Specialists of Arizona (PSA) is a limited liability partnership comprised of four pathology groups:
  1. Clin-Path Associates, P.C.
  2. Phoenix Pathologists, Ltd.
  3. Tucson Pathology Associates, P.C.
  4. Pathology Services, P.C.
  
- ◆ PSA was formed in 1996 to provide pathology services and laboratory medical direction to a variety of hospitals and Sonora Quest Laboratories.
  
- ◆ PSA has more than 40 board certified pathologists; three certified clinical PhD's and six certified pathology assistants. The group supports fifteen facilities state wide, ranging from rural and community hospitals to tertiary care teaching facilities.
  
- ◆ Pathology cross-coverage provided by our staff between the physicians' offices and the hospitals provides uninterrupted continuity of care.
  
- ◆ PSA members serve on the Board of Directors and management teams of Sonora Quest Laboratories, as well as provide medical direction and supervision for each of the departments in all fields of laboratory medicine.
  
- ◆ The medical community is kept up to date on issues in laboratory medicine and pathology through PSA's monthly publication, the *PSA Consult*, as well as other educational materials.
