

**Payment Information:** 

# **Payment Due at Time of Service**

Laboratory Use Only:		
Date Collected	Initials	☐ ID Verified
Time :	□ AM □ PM	☐ Fasting ☐ Non-Fasting

#### Step 1: Fill in your demographic info

First Name	Middle Nam	ne / Initial	Last Name	Suffix	Date of Birth	Sex
Address 1		Address 2		City	State	Zip Code
Phone		Alternate Pho	one	Email Address		Check to participate in a follow-up survey by email. (Lab - add code 906559)

### Step 2: Select how you would like to receive your My Lab ReQuest results & optionally provide an alternative contact

On-line - the quickest and most secure method available; through your private and secure account available via SonoraQuest.com (not available for minors) (Lab-Account 390)

Unencrypted email provided below (Please note: unencrypted information sent via email can be intercepted by unauthorized parties) (Lab-Account 391)

Fmail

USPS Mail (\$3 report mailing fee will apply) to the address provided above (mailed within 7 business days) (Lab-Account 392; add code 906853)

I understand that certain abnormal test values are considered "critical" because they may (but do not necessarily) indicate the presence of a potentially life threatening condition requiring immediate medical attention. I understand that Sonora Quest Laboratories will notify me by phone of any critical result upon completion of testing, at any time of the day or night.

If after two attempts, Sonora Quest Laboratories cannot reach me at the numbers provided above, they are authorized to contact the person listed below.

I give my permission to discuss my medical information with the person listed below if they contact Sonora Quest Laboratories.

Name Phone (Lab - add o		Name	Phone	(Lab - add co
-------------------------	--	------	-------	---------------

de 906558)

### Step 3: Read and initial each statement below and sign for the services you are requesting through My Lab ReQuest

I am requesting Direct Access Testing through My Lab ReQuest. I do not have a physician order for these tests. I understand that only I will receive the testing results. Sonora Quest Laboratories may share the test results with my physician or other providers only in critical or emergent situations or as required by law.

I understand that certain patient test results are required by Arizona Administrative Code (R9-4-302 and 404.H. and R9-6-204) to be reported to the Arizona Department of Health Services (AZDHS) for public health reasons. For selected results marked with a 🚺 on the test menu, a local or state public health investigator may contact me for additional information or to ensure proper treatment. If I receive a positive test result for a sexually transmitted disease or tuberculosis, I understand it is my responsibility to consult with my doctor and/or contact my county health department's STD clinic or main office.

I am age 18 or older. If <18, I am an emancipated minor or otherwise authorized to request and provide consent for the tests ordered below. If I am requesting testing for which a minor is required by law to consent (noted by 🍘), the minor has consented to such testing.

I understand that Arizona law prohibits laboratories from billing health insurance for patient ordered laboratory testing. I further understand that these tests are not covered by Medicare as Medicare does not cover laboratory testing without a physician order. Full payment is due at time of service.

I understand that it is solely my responsibility to promptly discuss all laboratory results with a physician and that neither Sonora Quest Laboratories nor its Medical Director will provide interpretation, counseling, consultation, or care recommendations on the basis of any laboratory results provided to me. I release from liability and will not hold Sonora Quest Laboratories LLC or its Medical Director responsible if I do not promptly communicate the results of these tests to my physician.

## Step 4: Print your name & mark each test being requested by placing an "X" in the box

rint Name: (Last, First, Middle)	<ul> <li>Please hours medic medic</li> <li>Test re interpi coenz discus</li> </ul>	e do not before y ations. ation wi esults m reted ca yme R a ss your r	eat or drink anything except for water for 8-12 your test. DO NOT stop taking your prescription If your doctor advised you to take your tht food, consult with your doctor before fasting. We have have y increased or decreased in patients taking therapeutic doses of biotin and shoul utfously. Biotin is a water-soluble B-vitamin, also called vitamin B7 and formerly known as vita and may be found in supplements intended to improve skin, hair, and nail health. Please consu sould solve to dot.	o the Arizona ive.
